

Project 3
*Unconventional
Type
Specimens*

// Outcome

Gain understanding of the possibilities of what graphic design is. Express possibilities with using unconventional tools and create a full alternative typeface.

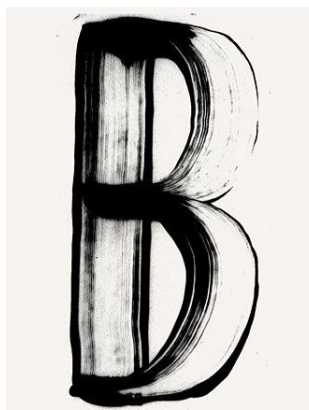

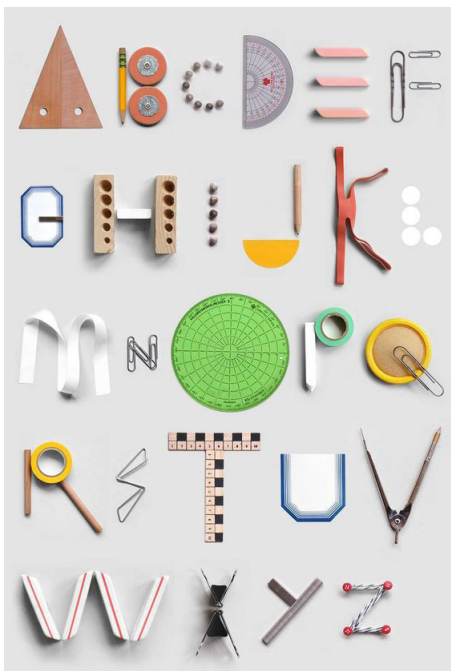

// Process

Select from unconventional tools blindly.

Take selected tool and create characters to fill out a full typeface.

Each letter should be photographed/scanned clear on a clean surface, and placed into a form (example on the next page).

Type face should then be converted to vector format.
