

Project 6
Web
Portfolio

// Outcome

Some times it is the first thing seen by employers, clients, critics etc., The portfolio is a quick glimpse at what you have to offer. Its not all the work you have ever done but it is a sample of the work you want to continue to do. The goal after this project is a landing page site featuring your portfolio. IT should be ready to share with others at the end of the project.

// Process

Start by selecting a provider (or hand coding if you have the prior knowledge)

Behance.net (Adobe Portfolio)

-Free with Adobe Creative Cloud (You can purchase your domain name anywhere else and point here)

CargoCollective.com

-Free if you use selected templates (Roughly 20 bucks a year for domain)

SquareSpace.com

-\$12 a month (Free Domain Name / URL)

Pull moodboards of case studies / photography of work

Depending on your template prepare your case studies for each project.

High resolution photos

Explain concept

List any other contributors and roles

Site should include the following

At least six case studies

Identity / Branding

Resume / Contact (domain / email)
