1. Select one band:

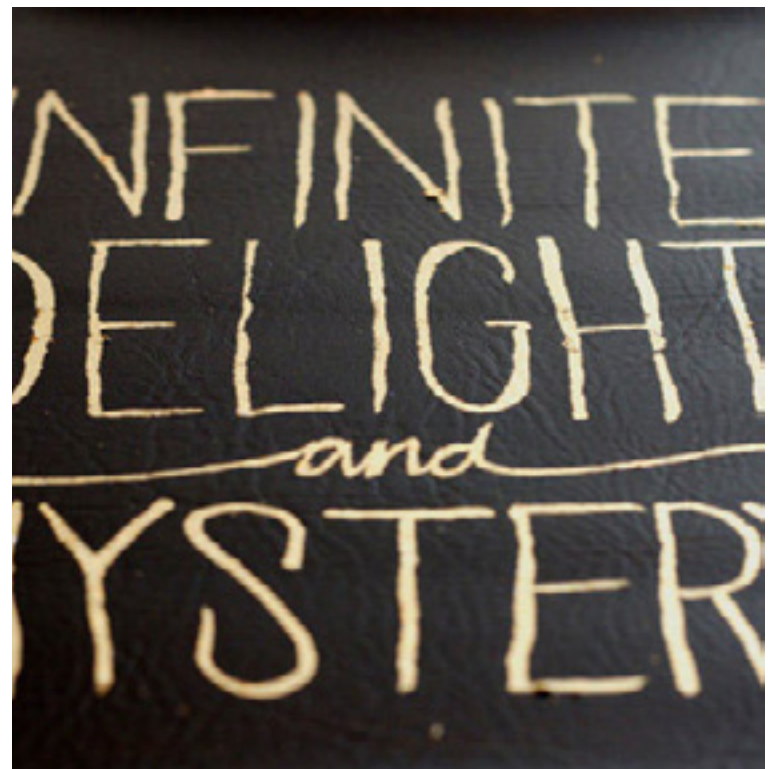

2. Listen to their music. Watch their videos.

What words describe how they play/performance/sing about? Make a list of 8-10 words describing this.

3. Choose three different letters from the band's name and draw them loosely 20 times so they represent the band's style in pencil.

4. As a class we will narrow down the 20 to 1.

5. Finesse/clean up that letter forms and expand the alphabet.
